

SENIOR LIVING AND SERVICES LEADERSHIP CERTIFICATE

College: College of Natural & Health Sciences

Academic Director: Lewis, Ph.D

Program Overview

This program is a collaborative online Master of Science in Healthcare Administration degree program offered jointly by UW-Parkside, UW-Stout, UW-Stevens Point, UW-Lacrosse, UW-Platteville with administrative and financial support from UW-Extension. This online M.S. in Healthcare Administration programs focuses primarily on adult and nontraditional students who hold an undergraduate degree and have the desire to continue their education to achieve a graduate degree.

The program is fully online and designed to provide a foundation for entry and advancement for professionals who are seeking management positions in the healthcare industry. The program's multidisciplinary curriculum balances theory with real-world applications relevant to the current field and draws primarily from the following academic disciplines: healthcare, public health, information technology, business and communications. The M.S. in Healthcare Administration represents a fully online degree geared toward working professionals seeking to obtain advanced-level competencies in the areas of healthcare leadership, management, marketing, communications, law and policy, and quality and performance improvement.

Goals of the Program

The University of Wisconsin Master of Science in Healthcare Administration (<http://healthcareadministration.wisconsin.edu/>) program prepares patient-care professionals, hospital administration, or current management professionals to help accomplish the triple aim of improving access to care, impacting the quality of care, and reducing the overall cost of care in a variety of settings.

Student Learning Outcomes

Graduates will:

- Demonstrate professional communication and interpersonal skills appropriate for a healthcare setting.
- Demonstrate strategic leadership and decision-making skills necessary in healthcare.
- Evaluate operational performance across diverse healthcare organizations.
- Develop strategies to recruit, train, and retain an effective healthcare workforce.
- Evaluate financial strategies and techniques to meet healthcare organizational needs and goals.
