

# PROJECT MANAGEMENT CERTIFICATE FLEXIBLE OPTION

College: College of Business, Economics, and Computing

As a university residency requirement for a certificate, a minimum of nine credits in a certificate program must be taken at UW-Parkside. Individual departments and programs may require more than nine credits. The business department offers a certificate in project management that is available to undergraduate business and non-business majors as well as non-degree seeking students. This certificate's curriculum aligns closely with the Project Management Institute's standards for project management competencies.

To be eligible for this certificate program, the student must meet at least one of the following requirements:

- Junior or senior standing at UW-Parkside or another college/university;
- An undergraduate degree;
- Five years of business experience, preferably at mid-level management or above or at an entrepreneurial firm;
- Associate degree and two years of business experience, preferably at mid-level management or above or an entrepreneurial firm. A minimum of a 2.0 cumulative GPA in required courses is required to earn the certificate.

## Requirements for the Project Management Certificate Flexible Option
